

PRESIDENT'S COUNCIL

When we began the 2019–20 academic year last fall, no one could have imagined how much things on the Luther campus and in our world would change by the second semester. This spring, in a matter of weeks, we have experienced the highest highs of launching the new Rochester Semester and celebrating a record-setting Giving Day to the lowest lows of implementing pandemic response measures on our campus and moving to distance learning to protect the health and safety of our students, faculty, and staff amid the spread of COVID-19.

One of the many things that keeps me buoyed in these uncertain times is knowing Luther's community of supporters and volunteers is vibrant and dedicated. Our President's Council members are among our most generous stakeholders, and it's been the tradition of the college to recognize the charitable giving of this group each spring. Together these alumni, parents, regents, faculty/staff, friends, and foundations have shared their commitment to Luther's mission through their philanthropic support.

In 2020, we are delighted to welcome an impressive list of new Life Members, donors who have contributed cumulative outright gifts of \$100,000 or more. In addition, a dozen of our existing Life Members have moved to a higher level of giving within the President's Circle during the past year. These donors are truly an inspiration, and we are humbly grateful they have chosen to invest in the people, programs, and priorities at Luther College!

Please join me in extending a hearty and heartfelt thanks to all members of the President's Council. Together these donors are making a Luther education possible for current students and future generations, and we celebrate their extraordinary generosity.

Soli Deo Gloria!

Jenifer K. Ward
President

A full listing of the 2020 membership, based on 2019 calendar year giving, is available on Luther's website at luther.edu/magazine.

I give to Luther out of gratitude for the treasures I received there—preparation for an amazing, exciting, and fulfilling career and appreciation for lifelong learning and lifelong friendships. When I became a member of Luther's Investment Committee and the Board of Regents, my reasons for giving back acquired greater focus. The Regents' Promise Scholarship Challenge is a good example of how I can help the college navigate the challenges of declining enrollment and growing need for financial assistance. I hope others will join me in supporting this institutional priority.

—Connie Plaehn '75

We decided to give to Luther because our first priority is addressing climate change and how it will affect all of the grandchildren in our world. Luther has a goal to become carbon neutral, and that is our goal too. We are proud of Luther College and the wonderful education it provides, as well as all that Luther does for our community.

—Larry and Diane Grimstad

The following pages list individuals and organizations that have provided financial support to Luther College of \$1,500 or more—or \$750 or more for alumni in their first decade after graduation—in the past calendar year, January 1–December 31, 2019, and those who have provided \$100,000 or more to the college cumulatively through December 31, 2019. In recognition of their leadership in giving, these donors qualify as members of the Luther College President's Council.

Gifts at all levels are vital in providing scholarship assistance for students, ensuring the success of academic and cocurricular programs, and meeting needs for technology, equipment, and facility maintenance and replacement.
